LANGUAGES

Arabic (Mother Tongue)

ENGLISH

I am a recent graduate from Faculty of Computers and Artificial Intelligence, Benha University with a Bachelor of Computer Science. I am interested in The Artificial Intelligence Field. I am looking forward to learning new Artificial Intelligence technologies to solve problems using the algorithms of machine learning and deep learning. I also learned Android development using Java and made some applications.

EDUCATION

Bachelor of Computer Science   **2017 - 2021**
Faculty of Computers and Artificial Intelligence, Benha University

High School   **2014 - 2017**
Bahtim High School for Boys, Shubra El-Kheima, Qalyubia

Projects

- Breast Cancer Detection using Decision Tree   2021
- Control Computer Mouse using head movement
  to help Handicapped people (Graduation Project)   2021
- Dogs vs Cats Classifier using Python and Tensorflow Lite
     2021
- Predict House Price using Python and Machine learning
     2021
- Simulating Traffic Road of Salah Salem using AnyLogic
     2021
- Tic Tac Toe Game Using Android (Java)   2021
- Tic Tac Toe Game Using Python   2020
- Friends Market Website for clothes   2018
